

Stack & Build with Shelcore Stack N Learn Play Blocks

What better way to shape the mind of a future engineer or architect than to start simple and early! The Shelcore Stack N Learn Play Blocks are just the collection of shapes set to start a puzzling play time to last a lifetime. Each set of Stack N Learn Blocks is a collection of ten various sized blocks that fit within another to fashion a large faceted cube. If the little builder is feeling in the mood for construction and subsequent destruction, the cubes can be stacked into a large tower or even a moderately sized pyramid. The ideas are endless when it comes to building blocks and learning is always a requisite. Take a closer look at this slick set of play blocks!

Product Description:

Set of (10) various size blocks that nest inside each other to form a cube or stack on each other to form a tall stack. Each block has brightly colored labels on outside and white insides. Child can stack 'em to make a 34" high stack or nest 'em to fit into the largest 5.25" x 5.25" x 5.25" block.
